## Doctors are making house calls again, but now it's through secure video, telephone, and smartphone app.

- MD LIVE is a national vendor that connects members all over the country to licensed and board-certified PCPs via a HIPAA-secure video, telephone, or mobile app 24 hours a day, seven days a week, 365 days a year. MDLIVE's physicians can diagnose medical conditions, provide short-term treatment plans, and prescribe necessary medications for non-emergency medical conditions.
- In the event you don't have a primary care physician, you can establish a relationship with an MD LIVE Provider.
- Through the MD LIVE web portal, you can get information on physicians, check appointment availability, and schedule an appointment with the doctor of your choice. You can even request a copy of the medical record from a telemedicine consultation to share with your own PCP.
- **Cost for MD LIVE**
  - DevMed \$20 copay
  - HDHP Deductible and/or copay applies
- You are only charged after you choose to consult with a doctor and your appointment time and payment information are confirmed. You can cancel your appointment and receive a full refund, provided that you cancel at least 24 hours before your appointment time.
- MD LIVE accepts most major credit and debit cards. If you have a Flexible Savings Account or Health Savings Account, you can use these to pay for your visit!
