standards of conduct
January 1, 2014

Dear Devereux Employee / Independent Contractor:

The 2014 version of the Devereux Standards of Conduct is designed to help you understand the various components of the Compliance Program. These Standards apply to Devereux and all of its affiliated entities. The Corporate Compliance program, implemented in 1998, is a fundamental part of the way we do business. It is essential that every employee and independent contractor have a thorough understanding of the corporate compliance program and this manual. I encourage you to use this Standards of Conduct manual as a reference guide following the completion of your initial or refresher compliance training, both of which are now available on-line.

At Devereux, we are committed to providing high quality human services to our clients in an ethical and respectful manner. This means we conduct ourselves responsibly and with integrity. Each employee and independent contractor has a personal obligation to uphold the high ethical standards of our organization, which are reflected in this manual.

Our Corporate Compliance Program was established to ensure that each employee and independent contractor understands his or her responsibilities and acts accordingly. The Standards of Conduct were created to guide your actions when dealing with many different types of situations you may face in your work at Devereux or in the provision of services on Devereux’s behalf. The Standards of Conduct are not intended to replace any existing policies or procedures that Devereux has in place, but rather to elevate their importance and ensure a consistent focus and understanding.

As part of our ongoing compliance program, Devereux:

- provides Corporate Compliance/HIPAA training to all new employees within 2 weeks of their employment and to all new independent contractors within 2 weeks of signing their Independent Contractor Agreement
- provides annual Compliance/HIPAA Refresher Training to all employees and independent contractors; this training is offered both on-line and by certified trainers
- includes ‘promotion of and adherence to the Standards of Conduct’ as a part of every performance evaluation
- attaches a copy of the Standards of Conduct to all contracts with physicians, independent contractors or their agents who do business with Devereux; and
- conducts sanction screening of all employees and independent contractors prior to their hiring and monthly thereafter, as required by external state and federal regulatory, licensing or funder agencies, to insure that they are eligible to participate in Federal Health Care programs.
The success of the Corporate Compliance program depends upon all of us. Please take time to familiarize yourself with the Standards of Conduct and the Compliance program policies. If any part of this document is unclear to you, or if you have any questions about a situation you are facing, there are a number of ways you may seek assistance. First, you may discuss issues and concerns with your immediate supervisor, another member of your Center’s Management, or a Human Resources Representative. If necessary, you should address your problem or concerns with the next level of management, continuing up to the highest levels of management through the chain of command or utilize the existing “Positive Approach to Sharing Concerns / Suggestions” (formerly known as the Grievance Procedure) outlined in our employee handbook “Devereux...And You”. If for any reason you are uncomfortable communicating a problem or concern through these channels, you may contact Devereux’s Vice President of Audit & Compliance, Larry Williams, at 610-542-3125 or call the Employee Helpline at 1-877-780-9374. Please be assured that calls to the Employee Helpline may be made without disclosing your name. In accordance with our Non-Retribution/Non-Retaliation policy, no retaliatory action will be taken against you for reporting a concern.

Your support of the program is essential to its success! I appreciate your hard work and dedication in meeting the needs of our clients and the communities we serve and urge your continuous support of our Standards of Conduct.

Sincerely,

_____________________________
Robert Q. Kreider
President & Chief Executive Officer
OUR VISION, MISSION AND PHILOSOPHY

VISION

In the twenty-first century, Devereux will strive to be:

The Provider of Choice
The Employer of Choice
The Charity of Choice

MISSION

Devereux changes lives and nurtures human potential. We inspire hope, ensure well-being, and promote meaningful life choices. Our mission is achieved through a wide range of services and supports for individuals and their families.

CORE VALUES

We support a respectful and integrated team approach.
We foster personal and professional growth of our staff.
We develop innovative and effective solutions.
We partner with families and communities.

PHILOSOPHY OF CARE

Devereux’s philosophy of care represents an organizational commitment to the clients and families who are served by Devereux. Devereux’s philosophy of care focuses on three core principles of service delivery:

- individualized service delivery
- effective/accountable service delivery
- positive approaches

Individualized service delivery is driven by the unique strengths, needs, potentials, realities and expectations of the individual client and, especially for children and adolescents, his/her family.

Effective/accountable service delivery is a balanced approach to service delivery that seeks significant and practical treatment gains while taking into account the context in which services are being provided.

Focus on positive approaches represents an emphasis on skill building, relationship development, individual strengths, proactive or preventive intervention and the recognition that all individuals can change.
INTRODUCTION TO THE STANDARDS OF CONDUCT

Devereux’s Standards of Conduct originate from our Vision, Mission and Philosophy and reflect our basic values relating to:

QUALITY OF SERVICE & CARE
LEGAL COMPLIANCE
CONFLICTS OF INTEREST
PROTECTION OF ASSETS
HUMAN RESOURCES
COMMUNICATION

The establishment of standards helps ensure that all employees and independent contractors of Devereux and its affiliated entities have a clear understanding of the business, professional, legal and personal ethics that are expected in the workplace. The information contained in this booklet should be used as a resource to guide you in handling both routine and difficult circumstances that we may face in our daily activities.

The Standards of Conduct can not, and do not, cover every situation you may face. Also, you will notice that many of the principles discussed relate to established organization policies and procedures.
QUALITY OF SERVICE & CARE

Devereux is committed to providing high quality of care and delivering services that are individualized, effective, accountable, and focus on positive approaches. As Devereux employees and independent contractors, we are responsible for reporting any actual or perceived quality of care issues to Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.

◊ We will provide high quality services to all clients without discrimination based on their gender, age, disability, race, color, religion, national origin, marital status or sexual orientation.

◊ We will respect clients’ right to know the identity and qualifications of all Devereux personnel who provide services for them.

◊ We will respect our clients’ right to confidentiality.

◊ We will employ only personnel with proper credentials, experience and expertise in meeting the needs of our client population.

◊ We will ensure that all in-house training meets or exceeds the minimum standards of our profession.

◊ We will ensure that punitive action, emotional or physical abuse, or other abusive treatments are not tolerated. This does not prevent following an approved program of aversive therapy.

◊ We will promote movement to the least restrictive environment that is most appropriate and respect the personal dignity of each individual.
LEGAL COMPLIANCE
Devereux will operate in accordance with all applicable federal and state statutes, regulations, guidelines and professional standards in order to maintain the integrity of our organization. Devereux is committed to compliance with all statutes, regulations, and guidelines applicable to Federal health care programs, including its commitment to prepare and submit accurate billings and/or cost reports consistent with Federal health care program regulations and procedures or instructions otherwise communicated by the Centers for Medicare & Medicaid Services (CMS) (or other appropriate regulatory agencies) and/or its agents. **As Devereux employees and independent contractors, we have a duty to report any actual or perceived violation of applicable laws, regulations or professional standards to Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.**

Failure to comply with all statutes, regulations, and guidelines applicable to Federal and State health care programs and with Devereux’s own policies and procedures or failure to report such non-compliance is grounds for disciplinary action up to and including termination. In addition, Devereux may be subject to Medicaid, Medicare, or CMS sanction, suspension, exclusion, or other adverse action.

**Prevention of Fraud, Waste and Abuse**
In compliance with the Deficit Reduction Act of 2005, Devereux has adopted Compliance Policy #096 ‘Prevention of Fraud, Waste, & Abuse’. This policy provides detailed information regarding the federal False Claims Act and similar state laws, sets forth the right of individuals to be protected from retaliation for their good faith reporting of violations, and describes The Devereux Foundation’s procedures for detecting and preventing fraud, waste and abuse. Please see this policy for full information.

Devereux employees and independent contractors who have knowledge or concerns regarding a potential false claim have a duty to promptly inform Management, Human Resources, the Vice President of Compliance, the Senior Vice President and General Counsel or the Employee Helpline.
Devereux will report any employee or independent contractor who is determined to have committed Medicaid fraud against the Organization to the applicable State Medicaid agency for inclusion on the list of individuals prohibited from inclusion in any federally funded health care program.

**Client Treatment Records**

◊ We will maintain complete and accurate client treatment and medical records.
◊ We will ensure that all client treatment and medical records and related information, including the fact that a person is a client of Devereux, remain strictly confidential.

**Billing and Cost Reports**

◊ The submission of any claim for payment or reimbursement to any party that is false, fraudulent, knowingly inaccurate, or fictitious is strictly prohibited.
◊ We will only submit claims for payment or reimbursement for services actually rendered and appropriately documented in clients' treatment and/or medical records using billing codes and/or descriptions applicable to the services provided.
◊ We will take immediate steps to alert appropriate Devereux management personnel if inaccuracies are discovered in our cost reports or in claims submitted for payment or reimbursement.

**Client Referrals**

◊ We will put in writing and obtain Management’s approval for all agreements with an actual or potential client referral source to ensure compliance with applicable laws, regulations and Devereux policies.
◊ We will not solicit or receive, or offer to give or give, anything of value, whether in the form of cash, loans, goods, or services, to any actual or potential referral source for the referral of clients or services. Kickbacks, bribes, rebates or any kind of benefit intended to induce referrals or the recommendation of our services are strictly prohibited.
Environmental Laws

◊ We will promote appropriate environmental and safety practices to ensure compliance with all relevant laws and regulations.
HIPAA Compliance
(Health Insurance Portability & Accountability Act)

As part of our commitment to provide high quality care for our clients, Devereux has consistently upheld the importance of maintaining client privacy and confidentiality. All employees and independent contractors as well as Devereux volunteers sign a written acknowledgement of this commitment as part of the hiring process.

In April 2003, a new federal law went into effect that guarantees the privacy of health information for all clients and employees. The Health Insurance Portability and Accountability Act or HIPAA gives individuals a right to gain access to their records (where deemed appropriate) and to request amendments to their health information. It requires that all health care providers and payers use a standard format for common transactions, such as submitting an insurance claim. It also limits the way that Devereux uses or shares Protected Health Information or PHI. Finally, HIPAA mandates sanctions or consequences for violating HIPAA privacy and security guidelines, including possible fines. Devereux has updated its policies and procedures to reflect both the revised 2009 HIPAA (HITECH) requirements and the 2013 HIPAA Omnibus requirements that includes a revised Notice of Privacy Practices, guidance on Research Authorizations and Guidance on Use of Client PHI for fundraising.

Devereux is committed to adhering to all federal and state laws and regulations, including HIPAA. To insure compliance, Devereux requires that all employees receive training in HIPAA privacy and security regulations in conjunction with Devereux's Corporate Compliance training. Initial training is completed within two weeks of beginning employment. Annual refresher training in Corporate Compliance also includes HIPAA training.

Devereux has designated a Corporate Privacy Officer and a Corporate Security Officer, who are responsible for insuring that systems are in place to meet the privacy and security requirements of HIPAA. In addition, each Devereux center has designated privacy and security officers, who work to insure full compliance with state and federal laws as well as related Devereux policies and systems.
As with any Corporate Compliance issue, if you have a problem or concern related to the privacy or security of client/patient records, you should utilize the problem resolution process.

Specifically:

1. Clarify your problem or concern
2. Have a discussion with your supervisor or Human Resources
3. Raise your concern with the next level of management or with your center's designated privacy/security officer

* If for any reason you are uncomfortable communicating a problem or concern through these channels, contact the Employee Helpline (1-877-780-9374) or the Vice President of Audit & Compliance, Larry Williams, who also serves as the Corporate Privacy Officer.

HIPAA privacy and security regulations and Devereux Compliance policy require that any workforce member who in good faith reports a breach of privacy or security of protected health information will be protected from intimidation or retaliation. Any breach of privacy or security of PHI must immediately be reported utilizing the process identified above. Protected Health Information (PHI) breaches must also be reported immediately to the Vice President of Audit & Compliance using the on-line HIPAA Breach Notification Form which is available on the Devereux Intranet.
CONFLICTS OF INTEREST

All Devereux employees and independent contractors will take all reasonable steps to avoid conflicts, or the appearance of conflicts, between their personal interests and their official responsibilities and performance of their duties. As Devereux employees and independent contractors, we have a duty to report any actual or perceived conflicts of interest to Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.

In general

◊ We will avoid all situations that may create an actual conflict, or the appearance of a conflict of interest. Every employee and independent contractor has a duty to disclose any potential conflict of interest, which will then be reviewed by appropriate management.

◊ We will act in a manner that does not conflict with the best interests of Devereux. We will never use our position or confidential information for our own personal gain.

◊ We will refrain from hiring relatives of existing employees or independent contractors in a position that may create a conflict of interest (such as a direct reporting relationship).

◊ We will compensate providers and vendors at fair market value. Every payment must be supported by proper documentation confirming that the goods and services were received.

Outside Employment

◊ We will not prohibit employees from holding other jobs. However, every employee has a duty to disclose any outside employment, including elected positions, to his/her supervisor regardless of whether any potential conflict of interest is perceived. If the outside employment causes performance problems in the employee’s work at Devereux, management may require that such outside employment be discontinued.
◊ We will not serve as a trustee or director of, or have a financial interest in or a business relationship with, another organization that might result in any conflict with the purposes, aims or goals of Devereux, unless approved in advance by appropriate Management.

Gifts

◊ We will not request or accept personal gifts, favors, loans, unpaid services or other types of gratuities or hospitality from organizations doing business with Devereux, competitors of Devereux, co-workers, clients, families of clients or referral sources. No monetary gift of any amount is acceptable. However, the acceptance of an occasional gift or entertainment of nominal value which would not be reasonably expected to create a corrupting influence is acceptable. If an employee or independent contractor has any doubt as to the appropriateness of a gift, he or she should seek guidance from Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.
PROTECTION OF ASSETS
Devereux is committed to protecting the organization’s assets, and the assets of others entrusted to us, including physical property, funds and proprietary information, against loss, theft, or misuse. As Devereux employees and independent contractors, we have a duty to report any actual or perceived loss, theft or misuse of Devereux property or the assets of others to Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.

◊ We are personally responsible and accountable for the proper expenditure of Devereux funds and for the proper use of the organization’s property.

◊ We will obtain approval from authorized management prior to the commitment or expenditure of any Devereux funds.

◊ We will follow generally accepted accounting principles, established finance procedures and internal control procedures in handling and recording all funds and property.

◊ We have a duty to preserve Devereux's assets, funds, property, facilities, equipment and supplies.

◊ We have a duty to safeguard the property of clients and employees.

◊ We will dispose of surplus, obsolete or condemned property in accordance with Devereux policies and procedures. Unauthorized disposal of property is a misuse of assets.

◊ We have a clear obligation to use our time productively while at Devereux.

◊ We do not use Devereux funds, property or services to support or oppose the election of any candidate for public office. We will participate in lobbying efforts in an attempt to influence legislation as permitted under federal and state law.
HUMAN RESOURCES

Devereux is committed to protecting and supporting all employees and independent contractors as well as helping them to achieve their fullest potential in a fair and equitable manner. As Devereux employees and independent contractors, we have a duty to report any mistreatment, discrimination, safety issue, hostile work environment, legal violation or other compliance issue occurring in the workplace to Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.

Our Responsibilities

◊ We will not tolerate any form of physical, verbal, or psychological abuse or sexual harassment. Sexual harassment includes unsolicited or unwelcome sexual advances, requests or demands for sexual favors, or any verbal, physical or visual conduct of a sexual nature, which might create a hostile work environment. This type of behavior is not only unacceptable; it is also illegal. Devereux maintains a zero tolerance policy for any form of sexual harassment.

◊ We will conform to the standards of our professions and use reasonable judgment and objectivity in the performance of our duties.

◊ We will show respect for our clients and co-workers by notifying our supervisor in advance if we are unable to report for work as scheduled, or to carry out our duties as our position requires.

Public Relations

Devereux’s reputation has been built on excellent service and quality work since its inception. Maintaining this reputation requires the active participation of every employee.

◊ Employees are expected to interact in a courteous, friendly, and sensitive manner with all those persons associated with Devereux including co-workers, families, agencies, community service providers, our community neighbors, and others.

◊ Likewise, an employee is expected to act appropriately outside the workplace and within the law, so as not to damage or cause harm to Devereux’s reputation.
**Equal Employment Opportunities**

◊ We will ensure that everyone is afforded equal employment and advancement opportunities regardless of gender, age, disability, race, color, religion, national origin, marital status, gender identity or expression, or sexual orientation.

◊ We will ensure that everyone is equitably compensated for comparable work regardless of gender, age, disability, race, color, religion, national origin, marital status, gender identity or expression, or sexual orientation.

**Job Performance Feedback and Training**

◊ We will give appropriate feedback and recognition on job performance. Further, we will support learning and training opportunities for staff appropriate to an employee’s role or career path. We will provide opportunities for staff to develop and enhance their workplace skills through orientation, training, on-the-job learning, and on-line courses.

◊ Employees are responsible for completing annual training hours and necessary refreshers / re-certifications in required courses in accordance with policies and procedures, as well as applicable state and federal regulations.

◊ Employees are also responsible for conducting themselves in a legal and ethical manner both during training and testing as well as after, when they are expected to apply the skills taught. Failure to do either could result in disciplinary action or termination for cause.

◊ Finally, employees are expected to perform their duties in accordance with their job profile and expectations of their supervisor and management. Failure to do so may result in coaching, re-training, corrective action or performance plan, and / or disciplinary action or termination for cause.
**Health & Safety**

◊ We will comply with all work and safety rules, regulations and policies.

◊ We will take reasonable precautions to ensure our own safety as well as the safety of clients, visitors and other personnel.

◊ We will maintain and regularly communicate our emergency plans and procedures to employees and clients.

◊ We will practice safety awareness by thinking defensively, anticipating potential hazards and reporting unsafe conditions immediately, consistent with the expectations of our Culture of Safety program.

◊ We will not tolerate violence in the workplace including: any form of physical, verbal, or psychological abuse, direct or implied threats, stalking, threatening phone calls, harassment, domestic violence, any form of physical aggression, or sexual harassment toward clients, employees or independent contractors. Employee on Client violence is not permitted and we exercise a zero-tolerance policy toward it. Also, client on employee assaults, although possible given the services being provided, are not acceptable. Devereux reserves the right to take appropriate and lawful actions to enforce our Workplace Violence Policy #530. Workplace violence also includes acts of violence (including direct or implied threats) against property including such behaviors as deliberate damage or sabotage. Any threats or acts of workplace violence should be reported immediately.

◊ We will promote a smoke-free work environment.

◊ We will promote an environment that is drug and alcohol free. The illegal possession, distribution, use, sale or abuse of controlled chemical substances or alcohol while on company business or on company premises is strictly prohibited. Alcohol is not permitted on Devereux property unless at an officially sanctioned event.
COMMUNICATION

Devereux will promote an environment that encourages open communication. Open communication among all personnel is the foundation of the compliance program. Without open and meaningful communication, our compliance efforts will not succeed. As Devereux employees and independent contractors, we have a duty to report any communication problem to Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.

Organization Communication

◊ We will be responsible for sharing ideas, resolving problems or concerns and treating all opinions with respect and consideration.

◊ We will raise legitimate questions or concerns in an appropriate and efficient manner.

◊ We will strive to understand the duties, responsibilities and challenges that face our fellow employees.

◊ We will encourage employees to participate in conferences and professional meetings that directly relate to program needs.

Client Communication

◊ We will inform clients and, where appropriate, their family members or legal guardians of key aspects of their care and treatment. Informed consent includes full disclosure of potential risks, side effects, and benefits of proposed medications.

◊ We will respect our clients’ right to receive information regarding Devereux’s policies, procedures and charges.
◊ We will promptly and courteously answer all questions from clients, or refer them to the proper resource, or their family members.

◊ We will respect the right of clients and their families to participate in decisions regarding their care and treatment, including the refusal of treatment to the extent permitted by law, and to be informed of the consequences of such action.
CODE OF ETHICS FOR SENIOR MANAGEMENT AND TRUSTEES

Devereux has developed and approved the following Code of Ethics for Senior Managers and Trustees consistent with the Sarbanes-Oxley Act of 2002:

Devereux Foundation

Code of Ethics
for
Senior Management and Trustees

The Sarbanes-Oxley Act of 2002 effectively requires the adoption of a Code of Business Ethics applicable to Senior Management including the CEO, COO, CFO, Controller, all Officers of the Foundation, Executive Directors, and the Board of Trustees. The Code of Ethics establishes standards that are necessary to promote honest and ethical conduct; the avoidance of conflicts of interest; full, fair, accurate, timely and understandable disclosure in periodic reports; and compliance with applicable federal and state governmental rules and regulations.

Devereux is committed to conducting business ethically and in conformance with all applicable laws, regulations and standards. In support of this commitment, all Devereux Officers, Senior Management including the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Controller, and other senior financial management staff, Executive Directors, and Trustees shall adhere to the following standards:

- Honest and ethical conduct, including the ethical handling of actual or perceived conflicts of interest with the business activities of Devereux. It is the responsibility of management and trustees to insure that duties are conducted solely in the best interests of Devereux, without consideration of the interests of any other entity, familial or otherwise, and to refrain from taking part in any transaction that is not in good faith or the best interest of the Foundation.
- Provide ethical leadership to the organization and assure that adequate systems are in place to facilitate ethical and legal conduct.
- Full, fair, accurate, timely and understandable disclosure in all reports and documents.
- Compliance with applicable federal and state governmental laws, rules and regulations to ensure the prevention of fraud and abuse.
- Prompt internal reporting of violations of the Code of Ethics to the Vice President of Compliance or to persons identified in this Code of Ethics.
- Accountability for adherence to this Code of Ethics.

This Code of Ethics shall be provided to all existing and new senior managers and trustees in the titles identified above.
YOUR RESPONSIBILITIES

Maintaining high standards of ethical and moral conduct is in everyone’s best interest. As such you are responsible for:

- Acting in accordance with Devereux’s *Standards of Conduct*.
- Becoming familiar with relevant laws and regulations that apply to your day-to-day responsibilities.
- Asking questions of your supervisor when you have doubts about the ethical, legal or moral implications of a situation.
- Reporting violations of the law, regulations or Devereux’s *Standards of Conduct*.

If you manage or supervise others, you also have a responsibility to:

- Respect diverse opinions.
- Maintain a *Talk To Us* policy (also known as Open Door policy) and listen to issues that are raised.
- Respond to questions and problems in a timely manner.
- Assist subordinates in understanding their rights and obligations under law, regulation and the *Standards of Conduct*.

OUR PROBLEM RESOLUTION PROCESS

1. Clarify your problem or concern
2. Have a discussion with your supervisor or Human Resources
3. Raise your problem or concern with the next level of management continuing up the chain of command if necessary (see Policy/Procedure #577 for details on the Devereux “Positive Approach to Sharing Concerns and Suggestions”)

* If for any reason you are uncomfortable communicating a problem or concern through these channels, contact the *Employee Helpline* (1-877-780-9374) or the Vice President of Compliance. Please note that the Helpline is not a substitute for using the problem resolution process. Every effort should be made to resolve problems before calling the Helpline. Under most circumstances, the Helpline would only be contacted following your efforts to use the local problem resolution process as defined above.
EMPLOYEE HELPLINE

There may be times when you do not wish to discuss your concern with a supervisor or your concern cannot be adequately resolved by Human Resources. We have made the Employee Helpline available to you as an additional resource to address your questions or concerns. Again, please note that the Helpline is not a substitute for using the problem resolution process. Every effort should be made to resolve problems before calling the Helpline. Under most circumstances, the Helpline would only be contacted following your efforts to use the local problem resolution process.

When you call the Employee Helpline, here is what you can expect:
- Your question or concern will be taken seriously.
- Your request for information or action will be handled promptly and professionally.
- If you wish, you may remain anonymous. Please understand that if you tell others outside the Employee Helpline of your call (such as co-workers or friends), your anonymity cannot be guaranteed. It is also important to note that without adequate details including location, it may be impossible to conduct an effective investigation of a reported problem. In those cases, the Helpline will be advised to seek additional information from the caller in order to address the issue.
- No retaliation will be taken against you for making a report.
- If you wish, arrangements can be made for you to make a follow-up call to learn about the action taken on your report.

The toll-free Helpline number is 1-877-780-9374 and is operated 24 hours a day, 7 days a week.

Or write: Larry Williams, Vice President of Audit & Compliance
Devereux Foundation
444 Devereux Drive
Villanova, PA 19085

VICE PRESIDENT OF COMPLIANCE

We have appointed a member of senior management to serve as Devereux’s Vice President of Audit & Compliance. His responsibility is to oversee Devereux’s Compliance Program. The program includes:
- Establishing and maintaining Devereux’s Standards of Conduct.
- Developing training programs to instruct employees in ethical decision-making.
- Overseeing the Employee Helpline.
- Reviewing problem areas identified by callers to the Employee Helpline.
- Establishing appropriate auditing and monitoring mechanisms to ensure compliance.
- Responding to detected violations and preventing future similar occurrences.
OUR PROMISE

(Non-Retribution/Non-Retaliation Policy)

Devereux will not take any disciplinary action or other type of retaliation against any employee or independent contractor who in good faith reports a concern, issue, or problem to Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.

Intentionally making a false accusation is a serious violation of Devereux policy and may lead to disciplinary action up to and including termination.

Any employee or independent contractor who believes that he or she has suffered retaliation for making a report should contact Management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline.

Devereux is committed to insuring that employees and independent contractors feel safe raising concerns or questions in the spirit of the Standards of Conduct.

Employee Helpline   1-877-780-9374
